

# BOUGIE INTRODUCERS & THE NEW “E-TIP”

Meditech’s new E-TIP (*Endotracheal Tube Introducer Plus - with Airway Adapter*) allows positive location of the trachea and subsequent placement of the endotracheal tube in difficult airway situations.

## Features:

- » 15mm male **airway adapter** included on cannulated products\*
- » Depth markings in 10cm increments  
Easy reference guide for insertion
- » Low friction coating  
Easy insertion and operation
- » **Atraumatic Coude tip**  
Reduces the potential for airway trauma. Angled tip assists introduction into the vocal chords
- » **Bent version**  
Minimise storage space, or for use in pre-pack CICO Kits

Solid bougie

Vented bougie includes airway adapter, for adult and paediatric patients

*The E-TIP enhances clinical safety by including the Airway Adapter in each kit!*

\*Constant reminder that if passive oxygenation is to occur, it is to be administered via circuit or resuscitator and NOT directly connected to O2 tubing.

\*Immediate confirmation of end-tidal CO2 prior to inserting endotracheal tube.

Product	Part No.	Box Qty
Adult Bougie with Coude tip, solid 15fr x 70cm	220212AD	10
Adult Bougie with Coude tip, vented, includes airway adapter 14fr x 70cm	220212V14ST	10
