QVIEW POSITIONING PILLOW

A complete disposable head positioning device, carefully designed to protect your prone-positioned patients.

Features:

- » *Single Use and Latex Free*
- » *Soft, comfortable foam reduces the pressure around the patient's eyes and face, while supporting the head and neck*
- » *Mirror provides the clinician with a clear view of the face, eyes, and endotracheal tube for easy monitoring*
- » *Slotted design allows for the endotracheal tube to be positioned on either side of the patient's face*

*QRack System also available
